

# How Much DOES IT COST?

## Pricing Guide

CARPET WAGON

At Carpet Wagon we want to give you an idea of what you should budget for your project. Here is a very simple pricing grid that indicates average pricing per square foot for each product type. This is for budgetary reasons for products only, installation along with removals and prep is above this and typically priced after a site measure.

Take a look and give us a call, we look forward to discussing your project with you!

## Grid Pricing Description

**Good** –Our most affordable value products, offering a decent warranty that fits a budget

**Better** – Our mid grade price points, offering durability and warranties that fit busy homes while providing a luxury look

**Best** –Our high end products, the bests of each category that offer premium warranties with exceptional and unique visuals
